The Monsanto Citizenship Fund, ID number C00042069, has redesignated a disbursement reported in the August Monthly Report. A disbursement of \$1,000, dated July 17, 2002, was made to Hastert for Congress Committee and mistakenly designated to the primary election. According to the assistant treasurer for the Hastert for Congress Committee, they received the contribution on August 11, 2002. We have requested, in writing, that the Committee redesignate the contribution for the general election.
